Residential Energy Efficiency Program

Contractor Checklist for Low Income Energy Conservation Program

Offer valid through December 31, 2017 or until funding expires

HVAC Measures	***Eligibility Requirements:*** ***(Benton PUD customers only)***	****Single Family Home, Existing***	***Manufactured Home***	***Paperwork to be submitted to Benton PUD***
PTCS **Duct Sealing**	Any electric forced air furnace or heat pump system with at least **30%** of ducts outside *Pre leak must meet PTCS requirement*	**$500**	**$500**	☐ ***Customer Invoice ☐ Rebate Application ☐ PTCS or prescriptive Duct Seal Form (hand written) ☐ Registry Duct Seal Report
Prescriptive **Duct Sealing**	Any electric forced air furnace or heat pump system with at least **30%** of ducts outside	**$500**	**$500**	☐ ***Customer Invoice ☐ Rebate Application ☐ PTCS or prescriptive Duct Seal Form (hand written) ☐ Registry Duct Seal Report
Ductless **Heat Pump**	Replacing a working Zonal Electric System or Electric Forced Air Furnace	**$3800**	**$3800**	☐ ***Customer Invoice ☐ DHP Installation Form ☐ Rebate Application ☐ Manufacturer's Training Certificate

****Single Family***

Single Family includes buildings with four or fewer residences.
Rebates are available at one or possibly more per residence. For example, two PTCS Heat Pump rebates can be paid in homes that are larger than 4500 sq. ft. and have two heat pump systems. Consult a Benton PUD energy advisor for multiple rebate approval.

*****Multi-Family***

Multi-Family includes buildings with more than four residences and three or fewer stories.

******Customer Invoices***

Customer Invoices must reflect the following:

- The total cost of each measure
- Separate line-item stating "Benton PUD rebate" for each measure, that has been credited to the customer
- The total cost to the customer

*******Rebate Application***

Weatherization measures listed on the rebate application must detail pre and post insulation levels, existing windows types (when bidding window replacements) and square footages. This is needed to satisfy BPA's energy audit requirement.

Home

The word "Home" as used in this document refers to the electrically heated living space within the residence. It does not include attached garages, unheated basements, porch areas or out buildings.

Weatherization Measures	***Eligibility Requirements:*** ***(Benton PUD customers only)***	*****Multi-Family Existing***	****Single Family Existing***	***Manufactured Home Existing***	***Paperwork to be submitted to Benton PUD***
Attic Insulation	Any electrically heated home with less than R-20 existing- Achieve R-38 or as much as possible	**N/A**	**$1.25/sq ft** **($1.50/sq ft for R-49)**	**$2.50/sq ft**	☐ ***Customer Invoice ☐ ****Rebate Application ☐ Installation Certificate ☐ Two year warranty
Floor Insulation	Any electrically heated home with R-0 or ineffective existing insulation in the floor Achieve SF 6" floor supports – R-19 SF 8" floor supports – R-25 SF 10" floor supports – R-30 Manuf any floor at least R-22	**N/A**	**$1.25/sq ft** **($1.50/sq ft for R-30)**	**$2.50/sq ft**	☐ ***Customer Invoice ☐ ****Rebate Application ☐ Installation Certificate ☐ Two year warranty
