

Benton PUD
Net Metering Interconnection Application
100 kW or Less

Customer Information

Name: _____
 Contact Person: _____
 Account Number: _____ Meter: _____
 Address: _____
 City: _____ State: _____ Zip: _____
 Phone: _____ Cell: _____
 E-Mail Address: _____

Installer Information

Company Name: _____
 Contact Person: _____
 Address: _____
 City: _____ State: _____ Zip: _____
 Phone: _____ Cell: _____
 E-Mail Address: _____

Generation Facility Information

Owner of the Facility: Customer Other: _____
 Location (if different from above): _____
 Type of Generator: Photovoltaic Wind Turbine Battery Only
 Other: _____
 Phases: Single-Phase Three-Phase
 System Generating Capacity (kW): _____ Voltage: _____ Battery Backup? Y N
 Estimated Install Date: _____ Electrical Permit #: _____

Inverter (for all generation types)

Inverter Manufacturer: _____ Model #: _____
 Inverter Rating (kW): _____ Quantity: _____ Total kW: _____
 Is Equipment UL 1741 Listed? Y N
 *Attach manufacturer's cut-sheet showing listing

Solar

Panel Manufacturer: _____ Model #: _____
 Panel Rating (kW): _____ Quantity: _____ Total kW: _____
 *Attach manufacturer's cut-sheet showing listing

Wind Turbine / Other

Generator Manufacturer: _____ Model #: _____
 Generator Rating (kW): _____ Quantity: _____ Total kW: _____
 *Attach manufacturer's cut-sheet showing listing

Battery Only / Battery Backup

Battery Manufacturer: _____ Model #: _____
 Battery Rating (kW): _____ Quantity: _____ Total kW: _____
 Battery Rating (kW-hrs): _____ Quantity: _____ Total kW-hrs: _____
 Type: Lead Acid Lithium Ion Other: _____
 For Uninterruptable Power Supply Only (UPS) For use with Renewable Generation

Meter Aggregation Y If yes please provide meter number _____

Total System Cost: _____ *Attach manufacturer's cut-sheet showing listing

Fees

Note: Fees are charged to the customer's account. The application fee will be charged upon acceptance of this application. The net meter fee will be charged upon approval of the install.

Application Fee (non-refundable, covers some of the admin costs)

- \$100 for systems sized 1 to 100 kW

Net Meter Fee (Covers some of the costs associated with supplying and installing the production meter)

- \$335

Re-Inspection Fee

- \$150

*Additional fees will apply where normal utility access can't be provided

Application Submittals Checklist:

- Completed and signed Interconnection Application and Agreement (customer must sign using DocuSign if submitting electronically)
- One-line electrical diagram
- Site plan with proposed meter location(s)
- Picture of current meter base and surrounding area for interconnection
- Manufacturer equipment cut sheets

Customer Signature

I hereby certify that, to the best of my knowledge the information provided in this application is true. I agree to abide by the terms and conditions for interconnecting a generating facility no larger the 100 kilowatts and return the certificate of completion when the small generating facility has been installed.

(customer must sign using DocuSign if submitting electronically)
