

April 20, 2010

Your business is located in one of our newly deployed fiber optic routes. Make the switch today and cash in on savings for business-class high-speed Internet and transport from your choice of local service provider over Benton PUD's fiber-optic network.

Benton PUD is connecting our community with reliable, affordable high speed broadband with the same dedication to service that we deliver with our electric system.

Benton PUD Broadband Benefits:

- * Blazing fast high-bandwidth and point-to-point VLANs with speeds up to 1 gigabit
- * Faster than DSL, T1 or cable
- * Scalable speed - more when you need it
- * Local ownership and control
- * Reliable, secure high speed access
- * Network monitoring – 24 hours a day, 7 days a week

*Go fast. Go global. **Fiber Optics.***

Benton PUD provides broadband services on a wholesale basis and has non-exclusive agreements with a number of Retail Service Providers (RSP). These RSPs resell Benton PUD's services to end-users. This business arrangement provides competitive pricing and customer choice. Fiber costs vary by RSP and the levels of service you select, but on average you will save money and time with the benefits of fiber.
