

Benton PUD Energy Efficiency Program

Low Flow Pre Rinse Spray Washer

Offer valid through September 30, 2011 or until funding expires

In conjunction with our current conservation program, Benton PUD is now offering complimentary installations of energy efficient low flow pre rinse spray washers for our business customers with electric water heaters. We will replace your existing spray washer with a new energy efficient model, saving your business up to \$900 a year on energy costs.

Benefits of Energy Efficient Low Flow Pre Rinse Spray Washers:

- ***Cut energy costs by 40% or more***
- ***Every minute you use an efficient spray washer, you save over a gallon of water***
- ***Vigorous spray pattern increases performance and water saving efficiency over older models***
- ***Help to conserve energy and water in the Tri-Cities***

For more information or to sign up for your complementary installation of an energy efficient low flow pre rinse spray washer, contact:
